Pathology Submission & Billing Acknowledgment:

I understand that if tissue is removed during my procedure, it may be sent to an independent pathology laboratory for diagnostic examination. I acknowledge that a **separate fee** will be incurred for pathology services. If additional review or consultation is required to clarify or confirm the diagnosis, the specimen(s) may be sent to another qualified pathologist or specialty laboratory, and those services will also generate separate charges.

I understand that **pathology services are billed by the laboratory performing the examination**, either to me or to my health insurance company (if applicable). I further understand that **pathology charges are based on the date the specimen is interpreted by the pathologist**, which may differ from the date of my procedure.

If I **have health insurance**, I understand that pathology claims will be submitted to my insurer, and that I am responsible for any deductibles, co-payments, co-insurance, or non-covered services as determined by my insurance policy. **I agree to bring a copy of my health insurance card on the day of my procedure so that Kuy Plastic Surgery may make a copy and submit it with the specimen for pathology processing.**

I authorize Kuy Plastic Surgery to release pertinent medical information to my insurance company when requested.

If I **do not have health insurance**, I understand that I am fully responsible for all pathology charges billed by the laboratory.
